İş Finansal Kiralama Anonim Şirketi and Its Subsidiary

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

1. ORGANIZATION AND OPERATIONS OF THE COMPANY

İş Finansal Kiralama A.Ş. ("the Company") was incorporated on 9 March 1988 to operate in Turkey in accordance with Finance Lease, Factoring, Financing and Saving Finance Companies Law No: 6361. The core business of the Company is leasing operations, both domestic and abroad, and it started its leasing operations in July 1988. The head office of the Company is located at İş Kuleleri Kule:1 Kat:6 34330 Levent-İstanbul/Turkey.

The Company has purchased nominal shares of İş Faktoring A.Ş. ("İş Faktoring") amounting to TL 12.517 in consideration of USD 10.952.375 on 11 August 2004. The Company owns 78,23% of the İş Faktoring A.Ş. and it has been consolidated in the accompanying financial statements. The Company and its subsidiary run their operations in accordance with "Finance Lease, Factoring, Financing and Saving Finance Companies Law" published on the Official Gazette no. 28496 dated 13 December 2012 and "Regulation on Principles for Establishment and Operations of Finance Lease, Factoring, Financing and Saving Finance Companies" of Banking Regulation and Supervision Agency ("BRSA").

The ultimate parent of the Company is Türkiye İş Bankası A.Ş. The main shareholders of the Company are Türkiye İş Bankası A.Ş. with 27,79% and Türkiye Sınai Kalkınma Bankası A.Ş. ("TSKB") with 29,46% participation. The Company's 41,82% of shares are publicly traded and listed on the Borsa İstanbul.

As at 31 December 2021, the Company and its subsidiary ("the Group") have 255 employees (31 December 2020: 250 employees).

Dividend Payable

As at 31 December 2021, the Company does not have any dividend payable.

Approval of the Financial Statements

The consolidated financial statements and consolidated profit and loss table of the Group as at 31 December 2021 have been approved by the Board of Directors of the Group and authorized for issue as at 27 October 2021. The General Assembly and/or legal authorities have power to amend the consolidated financial statements after its issue.

2. BASIS OF THE FINANCIAL STATEMENTS

2.1 Basis of the Presentation

Accounting Standards Applied

The Group prepared accompanying consolidated financial statements accordingly to the "Communiqué on Uniform Chart of Accounts and Prospectus to be implemented by Financial Leasing, Factoring, Financing and Saving Finance Companies" and "Regulation on Accounting Practices and Financial Statements of Financial Leasing, Factoring, Financing and Saving Finance Companies" the published in the Official Gazette dated 24 December 2013 and numbered 28861 published by "Banking Regulation and Supervision Agency" (BRSA) and Turkish Accounting Standards ("TAS"), Turkish Financial Reporting Standards ("TFRS") and their additions and comments issued by Public Oversight Accounting and Auditing Standards' Authority ("POA") and other regulations, communiqués, and circulars announced by the Banking Regulation and Supervision Agency (all together refer to as "BRSA Accounting and Reporting Legislation") in respect of accounting and financial reporting.

The COVID-19 pandemic, which spread globally in the first half of 2020 in China, had effects on both economic and social life. In addition to the social life impacts of the cautions taken to ensure that the other content pandemic is taken under control, the consequences of adversely affecting the limited global economic activity continue. In order to reduce this negativity and in the economic environment, various measures have been reported by cycling within the normalization process in our country as well as in other cases where the pandemic is effective. The Company, together with the company included in the consolidation, continues the segments to this period, with the deferment of the customer's debts that are due for sale, a grace period and the allocation of existing/additional limits. During the calculation of estimated loan provisions in the financial statements dated 31.12.2021, it was evaluated for the impact of the COVID-19 outbreak, third Section note "G. Financial Instruments" is given instead.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods affected. In particular, information about significant accounting estimates used are described in the following notes:

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

2. BASIS OF THE FINANCIAL STATEMENTS (Continued)

2.1 Basis of the Presentation (Continued)

Accounting Standards Applied (Continued)

Note 5 - Financial assets and liabilities at fair value through profit or loss

Note 8 - Factoring receivables

Note 9 - Lease receivables

Note 20 - Provisions

Note 26 - Provisions, contingent assets and liabilities

Basis of Consolidation

The details of the Group's subsidiary as at 31 December 2021 and 31 December 2020 are as follows:

<u>Subsidiary</u>	<u>Establishment and operation location</u>	<u>Shareholding rate %</u>	<u>Voting right rate %</u>	<u>Core business</u>
İş Faktoring A.Ş.	Istanbul	78,23	78,23	Factoring operations

The accompanying consolidated financial statements include the accounts of the Company and its subsidiary on the basis set out in "Subsidiaries" section below. The accounting policies of subsidiaries have been changed when necessary to align them with the policies adopted by the Group.

(i) Subsidiaries

Subsidiaries are entities controlled by the Group. Control exists when the Group has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

In determining control power, existing and convertible voting rights are taken into account. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

As at 31 December 2021 and 31 December 2020, the Company owns 78,23% of İş Faktoring A.Ş. As the Company has the power to control the operations of the İş Faktoring A.Ş., the financial statements of İş Faktoring A.Ş. have been fully consolidated in the accompanying consolidated financial statements.

(ii) Transactions eliminated on consolidation

Financial statements of İş Faktoring A.Ş. have been fully consolidated in the accompanying financial statements and profit or loss table and the investment balance in the Company's statement of financial position have been eliminated against the paid-in capital of İş Faktoring A.Ş. Intra-group balances, transactions and any unrealized income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. The accounting policies of the subsidiary have been adjusted when necessary to align them with the policies adopted by the Group.

All intra-group transactions, balances, income and expenses are eliminated on consolidation.

(iii) Non-controlling interests

Non-controlling interests in the net assets of consolidated subsidiaries are identified separately from the Group's equity therein. Non-controlling interests consist of the amount of those interests at the date of the original business combination and the non-controlling interest in equity since the date of the combination

Offsetting

Financial assets and liabilities are offset and the net amount is reported in the consolidated statement of financial position when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

İş Finansal Kiralama Anonim Şirketi and Its Subsidiary

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

2. BASIS OF THE FINANCIAL STATEMENTS (Continued)

2.2 Changes in Accounting Policies

Accounting policies taken as the basis in preparing the financial statements of the accounting periods ended on December 31, 2021 are applied consistently with the financial statements prepared as of December 31, 2020.

2.3 Changes in Accounting Estimates and Errors

If the changes in accounting estimates relate to a specific period, they are applied in the period they relate to whereas if the changes are related to future periods, they are applied both in the period the change is made and prospectively in the future periods. There has not been any significant change in the accounting estimates of the Group in the current period. Material accounting errors are adjusted retrospectively and prior periods' consolidated financial statements are restated.

2.4 Changes in Standards and Interpretations

The accounting policies adopted in preparation of the consolidated financial statements as at December 2021 are consistent with those of the previous financial year, except for the adoption of new and amended TFRS and TFRIC interpretations effective as of January 1, 2021. The effects of these standards and interpretations on the Group's financial position and performance have been disclosed in the related paragraphs.

i) The new standards, amendments and interpretations which are effective as at January 1, 2021 are as follows:

Interest Rate Benchmark Reform - Phase 2 - Amendments to TFRS 9, TAS 39, TFRS 7, TFRS 4 and TFRS 16

In December 2020, the POA issued Interest Rate Benchmark Reform - Phase 2, Amendments to TFRS 9, TAS 39, TFRS 7, TFRS 4 and TFRS 16 to provide temporary reliefs which address the financial reporting effects when an interbank offering rate (IBOR) is replaced with an alternative nearly risk-free rate (RFR, amending the followings). The amendments are effective for periods beginning on or after 1 January 2021. Earlier application is permitted and must be disclosed.

Practical expedient for changes in the basis for determining the contractual cash flows as a result of IBOR reform

The amendments include a practical expedient to require contractual changes, or changes to cash flows that are directly required by the reform, to be treated as changes to a floating interest rate, equivalent to a movement in a market rate of interest. Under this practical expedient, if the interest rates applicable to financial instruments change as a result of the IBOR reform, the situation is not considered as a derecognition or contract modification; instead, this would be determined by recalculating the carrying amount of the financial instrument using the original effective interest rate to discount the revised contractual cash flows.

The practical expedient is required for entities applying TFRS 4 Insurance Contracts that are using the exemption from TFRS 9 Financial Instruments (and, therefore, apply TAS 39 Financial Instruments: Classification and Measurement) and for TFRS 16 Leases, to lease modifications required by IBOR reform.

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

2. BASIS OF THE FINANCIAL STATEMENTS (Continued)

2.4 Changes in Standards and Interpretations (Continued)

i) The new standards, amendments and interpretations which are effective as at January 1, 2021 are as follows (Continued)

Relief from discontinuing hedging relationships

- The amendments permit changes required by IBOR reform to be made to hedge designations and hedge documentation without the hedging relationship being discontinued.
- Amounts accumulated in the cash flow hedge reserve are deemed to be based on the RFR.
- For the TAS 39 assessment of retrospective hedge effectiveness, on transition to an RFR, entities may elect on a hedge-by-hedge basis, to reset the cumulative fair value changes to zero.
- The amendments provide relief for items within a designated group of items (such as those forming part of a macro cash flow hedging strategy) that are amended for modifications directly required by IBOR reform. The reliefs allow the hedging strategy to remain and not be discontinued.
- As instruments transition to RFRs, a hedging relationship may need to be modified more than once. The phase two reliefs apply each time a hedging relationship is modified as a direct result of IBOR reform.

Separately identifiable risk components

The amendments provide temporary relief to entities from having to meet the separately identifiable requirement when an RFR instrument is designated as a hedge of a risk component.

Additional disclosures

Amendments need additional TFRS 7 Financial Instruments disclosures such as; How the entity is managing the transition to RFRs, its progress and the risks to which it is exposed arising from financial instruments due to IBOR reform, quantitative information about financial instruments that have yet to transition to RFRs and If IBOR reform has given rise to changes in the entity's risk management strategy, a description of these changes.

The amendments are mandatory, with earlier application permitted. While application is retrospective, an entity is not required to restate prior periods.

Amendments to IFRS 16 - Covid-19-Related Rent Concessions and Covid-19-Related Rent Concessions beyond 30 June 2021

In June 2020, the POA issued amendments to TFRS 16 Leases to provide relief to lessees from applying TFRS 16 guidance on lease modifications to rent concessions arising a direct consequence of the Covid-19 pandemic. In April 7, 2021, POA extended the exemption to include concessions that cause a decrease in lease payments whose maturity expired on or before June 30, 2022.

A lessee will apply the amendment for annual reporting periods beginning on or after 1 April 2021. Early application of the amendments is permitted.

İş Finansal Kiralama Anonim Şirketi and Its Subsidiary

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

2. BASIS OF THE FINANCIAL STATEMENTS (Continued)

2.4 Changes in Standards and Interpretations (Continued)

ii) Standards issued but not yet effective and not early adopted

Standards, interpretations and amendments to existing standards that are issued but not yet effective up to the date of issuance of the consolidated financial statements are as follows. The Group will make the necessary changes if not indicated otherwise, which will be affecting the consolidated financial statements and disclosures, when the new standards and interpretations become effective.

Amendments to TFRS 10 and TAS 28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

In December 2017, POA postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting. Early application of the amendments is still permitted.

TFRS 17 - The new Standard for insurance contracts

The POA issued TFRS 17 in February 2019, a comprehensive new accounting standard for insurance contracts covering recognition and measurement, presentation and disclosure. TFRS 17 model combines a current balance sheet measurement of insurance contract liabilities with the recognition of profit over the period that services are provided. Certain changes in the estimates of future cash flows and the risk adjustment are also recognised over the period that services are provided. Entities will have an option to present the effect of changes in discount rates either in profit and loss or in OCI. The standard includes specific guidance on measurement and presentation for insurance contracts with participation features. TFRS 17 will become effective for annual reporting periods beginning on or after 1 January 2023; early application is permitted. The Group is in the process of assessing the impact of the standard on financial position or performance of the the Group.

Amendments to TAS 1- Classification of Liabilities as Current and Non-Current Liabilities

On January 15, 2021, the POA issued amendments to TAS 1 Presentation of Financial Statements. The amendments issued to TAS 1 which are effective for periods beginning on or after 1 January 2023, clarify the criteria for the classification of a liability as either current or non-current. Amendments must be applied retrospectively in accordance with TAS 8 Accounting Policies, Changes in Accounting Estimates and Errors. Early application is permitted.

Amendments to TFRS 3 - Reference to the Conceptual Framework

In July 2020, the POA issued amendments to TFRS 3 Business combinations. The amendments are intended to replace to a reference to a previous version of the Conceptual Framework (the 1989 Framework) with a reference to the current version issued in March 2018 (the Conceptual Framework) without significantly changing requirements of TFRS 3. At the same time, the amendments add a new paragraph to TFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date. The amendments issued to TFRS 3 which are effective for periods beginning on or after 1 January 2022 and must be applied prospectively. Earlier application is permitted if, at the same time or earlier, an entity also applies all of the amendments contained in the Amendments to References to the Conceptual Framework in TFRS standards (March 2018).

Amendments to TAS 16 - Proceeds before intended use

In July 2020, the POA issued amendments to TAS 16 Property, plant and equipment. The amendment prohibits entities from deducting from the cost of an item of property, plant and equipment (PP&E), any proceeds of the sale of items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognizes the proceeds from selling such items, and costs of producing those items, in profit or loss. The amendments issued to TAS 16 which are effective for periods beginning on or after 1 January 2022. Amendments must be applied retrospectively only to items of PP&E made available for use on or after beginning of the earliest period presented when the entity first applies the amendment.

There is no transition relief for the first time adopters.

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

2. BASIS OF THE FINANCIAL STATEMENTS (Continued)

2.4 Changes in Standards and Interpretations (Continued)

Amendments to TAS 37 - Onerous contracts - Costs of Fulfilling a Contract

In July 2020, the POA issued amendments to TAS 37 Provisions, Contingent Liabilities and Contingent assets. The amendments issued to TAS 37 which are effective for periods beginning on or after 1 January 2022, to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making and also apply a "directly related cost approach". Amendments must be applied retrospectively to contracts for which an entity has not fulfilled all of its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Earlier application is permitted and must be disclosed.

Amendments to TAS 8 - Definition of Accounting Estimates

In August 2021, the POA issued amendments to TAS 8, in which it introduces a new definition of 'accounting estimates'. The amendments issued to TAS 8 are effective for annual periods beginning on or after 1 January 2023. The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates. The amended standard clarifies that the effects on an accounting estimate of a change in an input or a change in a measurement technique are changes in accounting estimates if they do not result from the correction of prior period errors. The previous definition of a change in accounting estimate specified that changes in accounting estimates may result from new information or new developments. Therefore, such changes are not corrections of errors. This aspect of the definition was retained by the POA.

Amendments to TAS 1 - Disclosure of Accounting Policies

In August 2021, the POA issued amendments to TAS 1, in which it provides guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments issued to TAS 1 are effective for annual periods beginning on or after 1 January 2023. In the absence of a definition of the term 'significant' in TFRS, the POA decided to replace it with 'material' in the context of disclosing accounting policy information. 'Material' is a defined term in TFRS and is widely understood by the users of financial statements, according to the POA. In assessing the materiality of accounting policy information, entities need to consider both the size of the transactions, other events or conditions and the nature of them. Examples of circumstances in which an entity is likely to consider accounting policy information to be material have been added.

Amendments to IAS 12 - Deferred Tax related to Assets and Liabilities arising from a Single Transaction

In August 2021, the POA issued amendments to TAS 12, which narrow the scope of the initial recognition exception under TAS 12, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences. The amendments issued to TAS 12 are effective for annual periods beginning on or after 1 January 2023. The amendments clarify that where payments that settle a liability are deductible for tax purposes, it is a matter of judgement (having considered the applicable tax law) whether such deductions are attributable for tax purposes to the liability recognised in the financial statements (and interest expense) or to the related asset component (and interest expense). This judgement is important in determining whether any temporary differences exist on initial recognition of the asset and liability.

İş Finansal Kiralama Anonim Şirketi and Its Subsidiary

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

2. BASIS OF THE FINANCIAL STATEMENTS (Continued)

2.4 Changes in Standards and Interpretations (Continued)

Annual Improvements - 2018-2020 Cycle

In July 2020, the POA issued Annual Improvements to TFRS Standards 2018-2020 Cycle, amending the followings:

- TFRS 1 First-time Adoption of International Financial Reporting Standards - Subsidiary as a first-time adopter: The amendment permits a subsidiary to measure cumulative translation differences using the amounts reported by the parent. The amendment is also applied to an associate or joint venture.
- TFRS 9 Financial Instruments - Fees in the "10 per cent test" for derecognition of financial liabilities: The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either borrower or lender on the other's behalf.
- TAS 41 Agriculture - Taxation in fair value measurements: The amendment removes the requirement in paragraph 22 of TAS 41 that entities exclude cash flows for taxation when measuring fair value of assets within the scope of TAS 41.

Improvements are effective for annual reporting periods beginning on or after 1 January 2022. Earlier application is permitted for all.

3. SIGNIFICANT ACCOUNTING POLICIES

a. Revenue

Finance lease income: Initial value of leased assets at the beginning of the leasing period under the Finance Lease, Factoring, Financing and Saving Finance Companies Law No: 6361 is recognized as finance lease receivables in the consolidated statement of financial position. Interest income resulting from the difference between the total finance lease receivables and the investment value of the leased assets are recognized in the period in which the relevant receivable portion for each accounting period is distributed over the related period using the fixed interest rate through the leasing period. The interest income not accrued yet is followed up under the account of unearned interest income.

Factoring revenue: Consists of factoring interest and commission income collected or accrued on advances given to the customers. Factoring commission income is a certain percentage of the total amount of invoices subject to factoring transactions.

Other interest income: The outstanding amount of the principal and cash inflows to be calculated over the expected life of the asset is reduced to the related period at the effective interest rate. Dividend income from equity share investments is recognized when the shareholders have the right to receive the dividend. Fee and commissions collected or paid on any transactions are recorded on accrual basis.

b. Tangible Assets

Tangible assets, acquired before 1 January 2005 are carried at restated cost for the effects of inflation in TL units current at the 31 December 2004 less accumulated depreciation and impairment losses, and tangible assets acquired after 31 December 2004 are carried at acquisition cost less accumulated depreciation and impairment losses.

Tangible assets are depreciated over the estimated useful lives of the related assets on a straight-line basis over the cost. The estimated useful life, residual values and amortization method of tangible assets are reviewed at each reporting period and corrected if necessary.

Leasehold improvements are depreciated on a straight-line basis at the lower of over their lease periods or over the useful life of the leasehold improvements.

Expenses incurred to replace any part of tangible fixed assets are capitalized. Subsequent expenditures may be capitalized if they increase the future economic benefits of the asset. All other expense items are accounted on an accrual basis in the consolidated statement of income.

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Tangible Assets (Continued)

The estimated useful lives for the current and comparative periods are as follows:

<i>Definition</i>	<i>Years</i>
Furniture and fixtures	
Other tangible assets	5 years
Leasehold improvements	5 years
Operational Leasing Assets	3 years

Gains and losses on disposal of an item of tangible assets are determined by comparing the proceeds from disposal with the carrying amount of tangible assets, and are recognized net within other operating income/expense in the consolidated statement of income.

The estimated useful life, residual values and amortization method of intangible assets are reviewed at each reporting period and corrected if necessary.

c. Intangible Assets

Intangible assets include computer software, licenses and goodwill. Computer software and licenses acquired before 1 January 2005 are carried at restated cost for the effects of inflation in TL units current at the 31 December 2004 less accumulated amortisation and impairment losses and intangible assets acquired after 31 December 2004 are carried at acquisition cost less accumulated amortisation and impairment losses. The estimated useful lives, residual values and amortization method of intangible assets other than goodwill are reviewed at each reporting date. Amortization is charged on a straight-line basis over their estimated useful lives. The useful lives of computer software and licenses are 5 years.

Acquired computer software licenses are capitalized on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortized over their useful lives. Costs associated with developing or maintaining computer software programs are recognized in the statement of income as incurred. Costs that are directly associated with the development of identifiable and unique software products controlled by the Group, and that will probably generate economic benefits exceeding costs beyond one year, are recognized as intangible assets. Computer software development costs recognized as assets are amortized over their estimated useful lives, not exceeding five years.

The estimated useful life, residual value and amortization method of intangible assets are reviewed at each reporting period and corrected if necessary.

d. Impairment of Non-Financial Assets

Assets that have an indefinite useful life, like goodwill, are not subject to amortization, but tested annually for impairment. Assets that are subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell or value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Impaired non-financial assets other than goodwill are reviewed for possible reversal of the impairment at each reporting date.

e. Borrowing Costs

All borrowing costs are recorded in the income statement on accrual basis.

f. Financial Assets Held For Sale

Assets that are expected to be disposed by sale rather than usage (or disposal asset group) are classified as held for sale. Immediately before classification as held for sale, the assets (or disposal asset group) are remeasured in accordance with the Group's accounting policies. Thereafter generally the assets (or disposal asset group) are measured at the lower of their carrying amount and fair value less cost to sell. Impairment losses on initial classification as held for sale and subsequent gains or losses on remeasurement are recognized in the consolidated profit or loss table. Gains are not recognized in excess of any cumulative impairment loss.

İş Finansal Kiralama Anonim Şirketi and Its Subsidiary

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Financial Instruments

Financial Assets

As of 1 January 2018, the Group within the scope of "IFRS 9 Financial Instruments", classifies and accounts its financial assets as "Financial Assets at Fair Value Through Profit or Loss", "Financial Assets at Fair Value Through Other Comprehensive Income" or "Financial Assets at Measured at Amortised Cost" by taking into account their business model and contractual cash flow characteristics. Financial assets are recognized or derecognized according to IFRS 9 "Recognition and Derecognition in the financial statements" requirements. The Company recognizes a financial asset in its statement of financial position when it becomes a party to the contractual provisions of the financial instrument. Financial assets are measured at their fair value on initial recognition in the financial statements.

Financial Assets at Fair Value Through Profit or Loss

Financial assets other than financial assets that are measured at amortized cost or at fair value through other comprehensive income, are measured at fair value through profit or loss. Financial assets at fair value through profit or loss are financial assets held for the purpose of generating profit from short-term fluctuations in price or similar factors in the market or being part of a portfolio for profitability in the short term, regardless of the acquisition reason. Financial assets at fair value through profit or loss are initially measured at fair value on the balance sheet and are subsequently re-measured at fair value. Gains or losses arising from the valuation are related to profit or loss.

Financial Assets Measured at Amortised Cost

Financial assets measured at amortized cost are those financial assets where the group has the intention and ability to held to the maturity, fixed or determinable payment plan, fixed-term debt instruments. Financial assets measured at amortized cost by using the effective interest rate method, net of any provision for impairment.

Financial Assets at Fair Value Through Other Comprehensive Income

The Group has equity investments and debt securities quoted on an active market and investments in fair values are classified as financial assets carried at fair value through other comprehensive income. The Group has equity instruments that are not traded and not quoted in an active market whose fair value differences are reflected in other comprehensive income and are measured at cost, since their fair value cannot be measured reliably.

Gains and losses arising from changes in the fair value impairment loss recognized in the income statement, interest and monetary assets and interest and monetary assets calculated using the effective interest method are recognized in other comprehensive income and the financial assets are accumulated in the fund of revaluation. In the event that the investment is disposed of or is impaired, the total profit/loss accumulated in the revaluation fund of financial assets is classified in the income statement.

Dividends on equity instruments recognized at fair value through other comprehensive income are recognized in income statement when the Company's right to receive payment is established.

Financial Lease Receivables, Factoring Receivables and Expected Credit Loss

In accordance with the "IFRS 9-Financial Instruments, the Group recognizes expected credit loss allowance on financial assets at fair value through other comprehensive income or financial assets measured at amortized cost.

Under IFRS 9, the expected credit loss and specific provision is calculated according to the "three-stage" impairment model based on the change in the loan quality of financial assets after initial recognition and detailed in the following headings:

Stage 1:

An important determinant for calculating the expected credit loss in accordance with IFRS 9 is to assess whether there is a significant increase in the credit risk of the financial asset. Financial assets that have not experienced a significant increase in credit risk since the initial recognition are monitored in the first stage. Impairment for credit risk for the financial assets is equal to the 12-month expected credit losses.

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Financial Instruments (Continued)

Stage 2:

Financial assets that experienced a significant increase in the credit risk since initial recognition, are transferred to Stage 2. The expected credit loss of these financial assets are measured at an amount equal to the instrument's lifetime expected credit loss. In order to classify a financial asset in the second stage, the following criteria is considered:

- Overdue between 30-90 days
- Restructuring of the loan
- Significant deterioration in the probability

In the event of a significant deterioration in the probability of default, the credit risk is considered to be increased significantly and the financial asset is reclassified as stage 2.

Stage 3

Financial assets with sufficient and fair information for impairment at the reporting date, are classified in the third stage. Expected credit loss of these financial assets is measured at an amount equal to the lifetime expected credit loss. The following basic factors are considered for the classification of a financial asset in the third stage:

- More than 90 days past due
- Whether the credit rating is weakened, has suffered a significant weakness or can not be collected or there is a certain opinion on this matter

Specific provision is provided for factoring receivables in Stage 3.

Based on the decision of brsa dated 16.09.2021's previously COVID-19th 17.03.2020 with effect from the date of the outbreak within the scope of its financial assets-performing loans for the classification of prescribed 90-day delay period of 180 days to be implemented as decided to begin a 90-day delay despite a "to be liquidated Receivables" account for receivables that are not transferred to the corresponding models according to their own risk companies related to the application be continued separation have been terminated. On the other hand, as of 01.10.2021, it has been decided to grant a period of up to 180 days for loans whose delay period does not exceed 180 days.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and demand deposits, and other short-term highly liquid investments with maturities of three months or less than three months from date of acquisition and that are readily convertible to cash and are subject to an insignificant risk of changes in value.

Financial liabilities

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. The accounting policies adopted for specific financial liabilities and equity instruments are set out below.

Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss are initially measured at fair value on the balance sheet and are subsequently re-measured at fair value. The change in fair value is accounted under the statement of profit or loss. The net gain or loss recognized in profit or loss includes any interest paid on the financial liability.

Other financial liabilities

Other financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method plus the interest expense recognized on effective interest method.

İş Finansal Kiralama Anonim Şirketi and Its Subsidiary

Notes to the Consolidated Financial Statements

As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

g. Financial Instruments (Continued)

Other financial liabilities (Continued)

The effective interest method that calculates the amortized cost of a financial liability and allocates interest expense over the relevant period. The effective interest rate discounts the estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period to net present value of financial liabilities

Derivative financial instruments and hedge accounting

The Group's activities exposes primarily to the financial risks of changes in foreign exchange rates and interest rates. The Group uses derivative financial instruments (primarily foreign currency forward and currency swap contracts) to hedge its risks associated with foreign currency and interest rate fluctuations. Derivative financial instruments are initially measured at fair value on the contract date, and are remeasured at fair value at subsequent reporting dates.

h. Business Combinations

The acquisitions of subsidiaries are accounted for by using the purchase method. The cost of the acquisition is measured at the aggregate of fair value, at the date of exchange, of the assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for the control of the acquiree. The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under TFRS 3 "Business Combinations" are recognized at fair value at the acquisition date, except for non-current assets (or disposal groups) that are classified as held for sale in accordance with IFRS 5 "Non-Current Assets Held for Sale and Discontinued Operations", which are recognized and measured at fair value less costs to sell.

Goodwill arising on acquisition is recognized as an asset and initially measured at cost, being the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognized. Goodwill is measured at cost less accumulated impairment. When the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities exceeds the cost of the business combination, excess amount is recognized immediately as profit.

The interest of non-controlling shareholders in the acquiree is initially measured at the non-controlling party's proportion of the net fair value of the identifiable assets, liabilities and contingent liabilities recognized.

i. Effects of Changes in Exchange Rates

The individual financial statements of each entity within the group are presented in the currency of the primary economic environment in which the entity operates (its functional currency). For the purpose of the consolidated financial statements, the results and financial position of each entity are expressed in TL, which is the functional currency of the Group, and the presentation currency for the consolidated financial statements.

The foreign currency exchange rates used by the Group as at 31 December 2021 and 31 December 2020 are as follows:

	31 December 2021	31 December 2020
USD	12,9775	7,3405
EUR	14,6823	9.0079
GBP	17,4530	9,9438
CHF	14,1207	8,2841
100 JPY	11,2434	7,0930
AUD	9,3950	5,6076

In preparation of the financial statements of the individual entities, transactions in currencies other than TL (foreign currencies) are recorded at the prevailing exchange rates at the transaction date. At each reporting date, monetary items denominated in foreign currencies are retranslated at the rates prevailing at the reporting date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when fair value is determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Notes to the Consolidated Financial Statements

As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

j. Earnings Per Share

Earnings per share presented in the accompanying consolidated income statement is determined by dividing net income by the weighted average number of shares in issue during the year. In case the number of shares increases through rights issue as a result of capital increases from internal sources, earnings per share calculations are made by restating the weighted average number of shares in comparison periods. The correction refers to the consideration of the number of shares used in the calculation as if the unpaid issue was performed at the beginning of the comparison period.

In Turkey, companies can increase their share capitals by issue of "Bonus Shares" to their shareholders from their retained earnings. In computing earnings per share, such issues of "Bonus Shares" are treated as issued shares. Accordingly, the retrospective effect for those share issues is taken into consideration in determining the weighted-average number of shares outstanding used in this computation.

k. Events After the Reporting Period

Subsequent events means the events occurred between the reporting date and the authorization date for the announcement of the financial statements. In accordance with IAS 10 "Events After Reporting Period Date"; subsequent balance sheet events that provide additional information about the Group's position at the balance sheet dates (adjusting events) are reflected in the consolidated financial statements. Events that does not require adjustment of financial statements are disclosed in the notes when material.

l. Provisions, Contingent Liabilities and Contingent Assets:

In accordance with IAS 37 "Provisions, Contingent Liabilities and Contingent Assets", a provision is recognized when the Group has a legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. If the specified criteria are not met, the Group discloses the related issues in the accompanying notes. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability if the time value of the money is significant to the provision.

Contingent assets are disclosed in the notes and not recognized unless they are realized.

m. Segment Reporting

The Group has two different operating segments, leasing and factoring, that is used by management to make decisions about resources to be allocated to the segments and assess their performance, and for which discrete financial information is available (Note 27).

n. Taxes on Income

Turkish Tax Legislation does not permit a parent company and its subsidiary to file a consolidated tax return. Therefore, provisions for taxes, as reflected in the accompanying consolidated financial statements, have been calculated on a separate-entity basis.

Income tax expense or credit comprises current and deferred tax. Current tax and deferred tax are recognized in profit or loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

İş Finansal Kiralama Anonim Şirketi and Its Subsidiary

Notes to the Consolidated Financial Statements

As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

n. Taxes on Income (Continued)

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss, and differences relating to investments in subsidiaries and jointly controlled entities to the extent that it is probable that they will not reverse in the foreseeable future. In addition, deferred tax is not recognized for taxable temporary differences arising on the initial recognition of goodwill. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized for unused tax losses, investment incentives, tax credits and deductible temporary differences, to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred taxes related to fair value measurement of available for sale assets are charged or credited to Other Comprehensive Income and subsequently recognized in profit or loss together with the deferred gains that are realized.

With the "Law Amending the Tax Procedure Law and the Corporate Tax Law", which was accepted on the agenda of the Turkish Grand National Assembly on January 20, 2022, the application of inflation accounting was postponed starting from the balance sheet dated on December 31, 2023.

o. Employee Benefits/Reserve for Employee Termination Benefits

In accordance with the existing social legislation in Turkey, the Group is required to make certain lump-sum payments to employees whose employment is terminated due to retirement or for reasons other than resignation or misconduct. Such payments are recognized in the accompanying consolidated financial statements as accrued. The computation of the liability is based upon the retirement pay ceiling announced by the government.

In accordance with IAS 19 "Employee Benefits", the Group calculated the employee severance indemnities incurred due to retirement of its employees by discounting the future liabilities to their present values, by using actuarial method and reflected to the consolidated financial statements. The main estimates used are as follows:

	31 December 2021	31 December 2020
Discount rate	3,50%	4,07%
Expected rate of salary/limit increase	15,07%	8,00%
Probability of retirement	100%	100%

p. Statement of Cash Flows

The Group presents statement of cash flows as an integral part of its financial statements to inform the users of financial statements about its ability to manage changes in its net assets, its financial structure and the amount and timing of its cash flows under changing conditions.

In the statement of cash flows, the cash flows for the period are reported with a classification of operating, investment and financing activities. Cash flows related with operating activities compose of the cash flows arising from core operations of the Company. Cash flows related with investment activities compose of cash flows that the Group generates from or uses in investment activities (tangible and financial investments). Cash flows related with financing activities represent resources that the Group uses for financing activities and the reimbursements of such resources.

r. Share Capital and Dividends

Common shares are classified as equity. Dividends on common shares are reclassified as dividend payables by netting off from the retained earnings in the period in which they are approved and disclosed.

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

s. Related Parties

In accordance with IAS 24 "Related Party Disclosures" shareholders, key management and board members, in each case together with companies controlled by or affiliated with them, and associated companies are considered and referred to as related parties. Related party transactions consist of the transfer of the assets and liabilities between related parties by a price or free of charge. For the purpose of the accompanying consolidated financial statements, shareholders of the Company, the companies controlled by/associated with them, key management and the Board members of the Company are referred to as related parties (Note 10).

4. CASH AND CASH EQUIVALENTS

As at 31 December 2021 and 31 December 2020, the details of the banks are as follows:

	31 December 2021		31 December 2020	
	TL	FC	TL	FC
Demand Deposits	40.149	216.970	17.169	20.943
Time Deposits	1.499	212.882	-	344.213
Interest accrual	1	1	-	-
	41.649	429.853	17.169	365.156

The details of the time deposits as at 31 December 2021 are as follows:

Currency	Interest Rate (%)	Maturity	31 December 2021
TL	16,00%	1.10.2021	1.500
USD	0,05%-1,10%	1.10.2021	181.645
Euro	0,01% - 0,30%	01.10.2021-18.10.2021	31.238
			214.383

The details of the time deposits as at 31 December 2020 are as follows:

Currency	Interest Rate (%)	Maturity	31 December 2020
USD	0,05%	4.01.2021	73.970
Euro	0,01% - 1,25%	04.01.2021-19.01.2021	270.243
			344.213

As at 31 December 2021, TL 393.789 portion of total foreign currency deposits (31 December 2020: TL 347.353) and TL 5.564 portion of total TL deposits (31 December 2020: TL 5.775) consist of accounts at the Group's main shareholder, Türkiye İş Bankası A.Ş.

The reconciliation of carrying value of cash and cash equivalents in the accompanying consolidated statement of financial position and the statement of cash flow is as follows:

	31 December 2021	31 December 2020
Demand deposits	257.119	38.112
Time deposits (1-3 months) (excluding accrual)	214.381	344.213
Cash and cash equivalents	471.500	382.325

As at 31 December 2021 and 31 December 2020, there is no blockage on cash and cash equivalents.

İş Finansal Kiralama Anonim Şirketi and Its Subsidiary

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

9. LEASE RECEIVABLES (Continued)

A. Financial Lease Receivables(Continued)

As at 31 December 2021 and 31 December 2020 details of overdue finance lease receivables are as follows:

	<u>31 December 2021</u>	<u>31 December 2020</u>
Up to 30 days	98.583	70.963
Between 30 - 60 days	3.488	8.880
Between 60 - 90 days	2.619	5.749
Between 90 - 180 days ^(*)	345	15.047
Total overdue	<u>105.035</u>	<u>100.639</u>

^(*) With the regulation published in the Official Gazette dated 15 August 2018 and numbered 30510, debtors who have a credit relationship with financial leasing companies are allowed to fulfill their obligations. Firms that applied within the scope of Financial Restructuring Framework Agreements were followed in the 90-180 band and classified in the 2nd stage until the end of the process. The Group makes provisions by its risk policies.

Details of the collaterals obtained by Group for overdue lease receivables mentioned above are as follows:

<u>Collateral type</u>	<u>31 December 2021</u>	<u>31 December 2020</u>
Mortgages	89.005	107.251
Pledged equity	20.756	19.321
Letters of guarantee	2.787	908
Sureties of credit guarantee fund	1.731	6.783
Pledged movable	1.251	-
Commercial Enterprise Pledge	-	16.149
	<u>115.530</u>	<u>150.412</u>

In addition to above guarantees, the Group also has sureties amounting to TL 431.069, pledged vehicles amounting to TL 6.743, (31 December 2020: sureties amounting to TL 632.754, pledged vehicles amounting to TL 6.949).

In determining the recoverability of the finance lease receivables, the Group considers any change in the credit quality of receivables from the date that receivable was initially recognized to the reporting date. The Group does not have significant credit risk concentration. The sectoral distribution of the finance lease receivables are given in Note 38.

As at 31 December 2021 and 31 December 2020, the aging of non-performing finance lease receivables is as follows:

	<u>31 December 2021</u>	<u>31 December 2020</u>
Between 90 - 240 days	17.405	5.136
Between 240 - 360 days	2.811	8.294
Over 360 days	216.943	122.038
Uninvoiced non-performing finance lease receivables	375.346	191.064
Unearned interest of non-performing finance lease receivables	(30.448)	(2.884)
	<u>582.147</u>	<u>323.688</u>

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

9. LEASE RECEIVABLES (Continued)

A. Financial Lease Receivables(Continued)

Collaterals obtained for non-performing finance lease receivables as at 31 December 2021 and 31 December 2020 are as follows:

Guarantee type:	30 December 2021	31 December 2020
Mortgages	4.956	5.832
Letter of Guarentee	2	2
	4.958	5.834

In addition to the above collaterals, the Group also has sureties amounting to TL 339.145, pledged vehicles amounting to TL 3.261 and leased equipments amounting to TL 234.783 (31 December 2020: sureties amounting to TL 163.280, pledged vehicles amounting to TL 1.597 and leased equipments amounting to TL 152.97).

Movement of expected loss provision for financial lease receivables is as follows:

Movement of expected credit losses:	1 January- 31 December 2021	1 January- 31 December 2020
Provision at the beginning of the period	(333.706)	(253.255)
Provision set during the period	(283.023)	(141.191)
Write-off (*)	-	41.651
Collections	54.440	19.089
Provision at the end of the period	(562.289)	(333.706)

(*) Consists of amount written-off in accordance with Article 4/A of the Regulation Amending the Regulation on Accounting Practices and Financial Statements of Financial Leasing, Factoring, Financing and Saving Finance Companies, which was published in the Official Gazette dated 27 November 2019 and numbered 30961 and began to enact as of 19/07/2019.

20. PROVISIONS

As at 31 December 2021 and 31 December 2020, reserve for employee benefits are as follows:

	31 December 2021	31 December 2020
Reserve for employee severance indemnity	8.340	6.633
Vacation pay provision	2.799	2.051
Provision for employee bonus	6.428	5.533
	17.567	14.217

Under the Turkish Labor Law, the companies are required to pay termination benefits to each employee who has qualified for such amount at the end of its employment contract. Also, employees who are entitled to retirement are required to be paid retirement pay in accordance with the requirements of Act no. 2422 dated 6 March 1981, Act no. 4447 dated 25 August 1999 and the amended Article 60 of the existing Social Insurance Code no. 506. Some transitional provisions related to the pre-retirement service term were excluded from the scope of the Law since the related law was amended on 23 May 2002.

IAS 19 - "Employee Benefits" requires actuarial valuation methods to be developed to estimate the enterprise's obligation under defined benefit plans. As at 31 December 2021 and 31 December 2020, the following actuarial assumptions are used in the calculation of the total liability:

	31 December 2021	31 December 2020
Discount rate	3,50%	4,07%
Inflation	15,07%	8,00%
Estimated probability of retirement	100%	100%

İş Finansal Kiralama Anonim Şirketi and Its Subsidiary

Notes to the Consolidated Financial Statements

As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

other	(4,32)	(20.950)	0,73	1.992
Total income tax expense	30,14	146.057	23,16	63.175

Corporate Tax

The Group is subject to the Turkish corporate taxes. Provision is made in the accompanying financial statements for the estimated charge based on the Group's results for the period.

Turkish tax legislation does not allow a parent company to file a tax return on its consolidated financial statements. Therefore, the tax liabilities reflected in this consolidated financial statements are calculated separately for all companies included in the scope of consolidation.

Corporate tax is applied on taxable corporate income, which is calculated from the statutory accounting profit by adding non-deductible expenses, and by deducting dividends received from resident companies, other exempt income and investment incentives utilized.

The Corporate Tax rate will be applied as 25% for corporate income for the taxation period of 2021 and as 23% for corporate income for the taxation period of 2022 with the the corporate tax law No. 5520, Article 13 published in the Official Gazette numbered 31462, dated 22 April 2021. This amendment will be effective as of July 1, 2021 for the taxation of corporate earnings for periods beginning on January 1, 2021. In the financial statements dated December 31, 2021, the tax rate for the period was 25%, and in deferred tax calculations 23% was used as the tax rate due to the fact that the tax rate change will take effect as of April 22, 2021.

Temporary tax in Turkey is calculated and accrued on a quarterly basis. the temporary tax rate, which should be calculated on corporate earnings at the stage of taxation of corporate earnings for 2021 as of the interim tax periods, is 20% for 31.03.2021 and 25% for 30.06.2021, 30.09.2021 and 31.12.2021(December 31, 2020: 22%). According to the Turkish tax legislation, the financial losses shown on the declaration can be deducted from the corporate income for the period, provided that they do not exceed 5 years. However, the losses incurred cannot be retrospectively deducted from the profits incurred in previous years.

In Turkey, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns between 1 April and 30 April of the following year (between 1st and 30th of the following fourth month of the tax year for the tax responsible who have special tax years). Tax authorities may, however, examine such returns and the underlying accounting records and may revise assessments within five years.

Notes to the Consolidated Financial Statements

As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

35. TAXATION (Continued)

Transfer Pricing

In Turkey, the transfer pricing provisions have been stated under the Article 13 of Corporate Tax Law with the heading of "disguised profit distribution via transfer pricing". The General Communiqué on disguised profit distribution via Transfer Pricing dated 18 November 2007 sets details about implementation.

If a taxpayer enters into transactions regarding sale or purchase of goods and services with related parties, where the prices are not set in accordance with arm's length principle, then related profits are considered to be distributed in a disguised manner through transfer pricing. Such disguised profit distributions through transfer pricing are not accepted as tax deductible for corporate income tax purposes.

Purchase, sale, manufacturing and construction operations, leasing and leasing transactions, borrowing and issuing money, bonuses, fees and similar transactions that require payments are considered as purchase or sale of goods or services in every condition. Companies are required to fill in the transfer pricing form which will be included in the annex of the annual corporate tax return. In this form, the amounts of all transactions with related companies and the methods of transfer pricing related to these transactions are specified in the related accounting period.

36. EARNINGS PER SHARE

Earnings per share are calculated by dividing profit or loss by the weighted average number of ordinary shares outstanding during the period. In Turkey, companies can raise their share capital by distributing "bonus shares" to shareholders from retained earnings. In computing earnings per share, such "bonus share" distributions are assessed as issued shares. Accordingly, the retrospective effect for those share distributions is taken into consideration in determining the weighted-average number of shares outstanding used in this computation.

Earnings per share is calculated by dividing net income distributable to shareholders by the weighted average number of shares issued.

The weighted average number of shares of the Group and earnings per share for the periods ended 31 December 2021 and 31 December 2020 are as follows:

	1 January- 31 December 2021	1 January- 31 December 2020
Weighted average number of outstanding shares ^(*)	69.530.264.500	69.530.264.500
Net profit for the year (TL)	310.063	197.586
Basic earnings per share (full TL)	0,45	0,28
^(*) As at 31 December 2021, the share capital of the Company consists 69.530.264.500 of shares having Kurus 1 nominal price.		
	31 December 2021	31 December 2020
Number of shares at beginning of the year	69.530.264.500	69.530.264.500
Capital increase	-	-
Number of shares at end of the year	69.530.264.500	69.530.264.500

38. ADDITIONAL INFORMATION ON FINANCIAL INSTRUMENTS (Continued)

(d) Financial risk management objectives

The Group's corporate treasury function provides services to the business, coordinates access to domestic and international markets, monitors and manages the financial risks relating to the operations of the Group through internal risk reports which analyses exposures by degree and magnitude of risk. Such risks include market risk (including currency risk, interest rate risk and price risk), liquidity risk and credit risk.

The Group uses derivative instruments to minimize the effects of such risks and it also uses such instruments for hedging. The Group does not enter into or trade any financial instruments (including derivative financial instruments) for speculative purposes.

In order to minimize potential risks, the Group reports monthly to the risk management committee which is in charge of monitoring risks and the policies applied.

(e) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates (refer to section f), interest rates (refer to section g) and equity prices will affect the Group's income or the value of its holdings of financial instruments. To manage risks relating to exchange rates and interest rates, the Group uses various derivative financial instruments including the following:

- "Forward foreign exchange contracts" to hedge the exchange rate risk arising from operations.
- "Currency swaps" to control the exchange rate risk of foreign currency denominated liabilities.

At the Group level, market risk exposures are measured by sensitivity analysis.

There has been no change in the Group's exposure to market risks or the method it uses to manage and measure such risks.

(f) Currency risk management

Currency risk is the risk that the value of financial instruments will fluctuate due to changes in foreign exchange rates. The Group has exposure to the effects of fluctuations in the prevailing foreign currency exchange rates on its consolidated financial position and cash flows. The Group manages this currency risk by using the foreign exchange derivative contracts.

Foreign currency sensitivity

The Group is mainly exposed to USD and EUR exchange rate risks.

The table below indicates the sensitivity of the Group to USD and Euro when there is a 15% of change in such exchange rates. The Group uses 15% of rate change when it reports its foreign currency risk to the top management and this rate represents the top management's expectation on the exchange rate fluctuations. Sensitivity analysis made in relation to the Group's exposure to foreign currency at the reporting period is determined based on the fluctuations at the beginning of the fiscal year and the analysis are fixed during the reporting period. Positive amount refers to an increase in the net profit.

Notes to the Consolidated Financial Statements

As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

38. ADDITIONAL INFORMATION ON FINANCIAL INSTRUMENTS (Continued)

(f) Currency risk management (Continued)

Forward foreign exchange contracts and currency swaps

The Group uses forward foreign exchange contracts and currency swaps to cover the risks of receipts and payments, expected sales and purchases in a certain foreign currency.

(g) Interest rate risk management

The Group is exposed to interest rate risk as the Group borrows funds at both fixed and variable rates. Such risk is managed by making a proper classification between fixed and variable rate liabilities.

Interest rate sensitivity

The interest rate sensitivity analysis below is based on the Group's exposure to interest rate risk at the reporting date and estimated interest rate fluctuations at the beginning of the fiscal year, and is fixed during the reporting period. The Group management makes its sensitivity analysis based on a 100 base point interest rate fluctuation scenario. This rate is also used in reporting to the top management.

As at 30 September 2021 and 31 December 2020, the interest rate profile of the Group's interest-bearing financial instruments is as follows:

	31 December 2021	31 December 2020
Fixed rate instruments		
Financial assets:		
Cash and Cash Equivalents	214.383	344.213
Finance lease receivables	11.341.481	7.136.244
Other Finance Lease Receivables	-	-
Factoring receivables	5.760.867	3.598.443
Financial liabilities:		
Funds borrowed	12.226.797	7.534.456
Debt securities issued	1.658.151	1.146.096
Variable rate instruments		
Financial assets:		
Finance lease receivables	51.322	15.725
Factoring receivables	891.657	821.414
Financial liabilities:		
Borrowings	3.142.503	1.873.052

If interest rates were 100 base points higher at the reporting date and all other variables were fixed:

Interest income from finance leases with variable interest rates would be higher at an amount of TL 749 (31 December 2020: TL 163).

Interest income from factoring transactions with variable interest rates would be higher at an amount of TL 8.794 (31 December 2020: TL 4.231).

Interest expense on funds borrowed with variable interest rates would be higher at an amount of TL 29.959 (31 December 2020: TL 12.537).

(h) Other price risks

The Group is exposed to equity securities price risks because of equity investments. Equity securities are held especially for strategic purposes rather than trading purposes. These investments are not traded by the Group.

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

38. ADDITIONAL INFORMATION ON FINANCIAL INSTRUMENTS (Continued)

(h) Other price risks (Continued)

Equity price sensitivity

Sensitivity analysis below is determined based on the equity share price risks exposed as at the reporting date.

Equity price risk is the risk that the fair values of equities decrease as a result of the changes in the levels of equity indices and the value of individual stocks.

If data used in the valuation method were 15% higher/lower and all other variables were fixed:

The effect on equity (without tax effects) as a result of change in the fair value of equity instruments quoted to Borsa İstanbul (Istanbul Stock Exchange) held as financial assets available for sale in the accompanying consolidated financial statements, due to a reasonably possible change in equity indices, with all other variables held constant, would be TL 27.908 (31 December 2020: TL 41.882).

(i) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral where appropriate, as a means of mitigating the risk of financial loss from defaults. The Group's exposure to credit risks and credit ratings of its counterparties are monitored periodically. Credit exposure is controlled by counterparty limits that are reviewed and approved by the risk management committee.

Finance lease receivables consist of a large number of customers, spread across diverse industries and geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

Sectoral allocation of finance lease receivables is as follows:

	<u>31 December 2021 (%)</u>	<u>31 December 2020 (%)</u>
Construction	20,69	18,10
Textile	19,61	16,48
Metal industry	10,89	12,39
Mining	7,79	6,81

(j) Liquidity risk management

The Group management formed liquidity risk management policy for the Group's short, medium and long term funding and liquidity management requirements. The Group manages its liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities by constantly monitoring forecasts and actual cash flows and matching the maturity profile of financial assets and liabilities.

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

38. ADDITIONAL INFORMATION ON FINANCIAL INSTRUMENTS (Continued)

Liquidity risk table

The following table details the maturities of non-derivative financial assets and liabilities. The tables below have been drawn up based on the undiscounted contractual amounts of the financial assets and liabilities based on their maturities. Interest amounts to be collected and to be disbursed regarding the Group's assets and liabilities have also been included in the table below.

31 December 2021

Sözleşme Uyarınca Vadeler	Carrying Amount	Contractual Cash Flows (I+II+III+IV)	Less than 3 Months (I)	3-12 Months (II)	1-5 Years (III)	More than 5 Years (IV)

Cash outflows from derivatives	(57.464)	284.923	-	284.923	-	-
31 December 2020 Contractual Maturities	Carrying Amount	Contractual Cash Flows (I+II+III+IV)	Less than 3 Months (I)	3-12 Months (II)	1-5 Years (III)	More than 5 Years (IV)
Cash inflows from derivatives	5.603	186.340	118.326	68.014	-	-
Cash outflows from derivatives	-	180.737	110.107	70.630	-	-

(k) Fair value of financial instruments

Except for the items below, the Group management estimates that the carrying amount of the financial assets and liabilities approximate to their fair value.

Fair value of the financial instruments is determined based on the reliable data provided from financial markets in Turkey. Fair value of other financial assets is determined by the benchmarking market value of a similar financial asset or by assumption methods which includes discounting future cash flows with current interest rates.

Notes to the Consolidated Financial Statements As at 31 December 2021

(Amounts are expressed in thousands of Turkish Lira ("TL") unless otherwise stated.)

38. ADDITIONAL INFORMATION ON FINANCIAL INSTRUMENTS (Continued)

(k) Fair value of financial instruments (Continued)

The table below refers to the comparison of carrying amounts and fair values of financial instruments:

31 December 2021	Financial assets and liabilities	Financial assets Measured at amortized cost	Loans and receivables	Financial Assets at Fair Value Through Other Comprehensive Income	Financial liabilities Measured at amortized cost	Carrying amount	Fair value	Notes

(l) Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

31 December 2021	Level 1	Level 2	Level 3	Total
Financial Assets at Fair Value Through Profit or Loss	-	-	-	-
Derivative financial assets	-	-	-	-
Financial Assets at Fair Value Through Other Comprehensive Income	397.404	-	-	397.404
Total financial assets carried at fair value	397.404	-	-	397.404
Derivative financial liabilities	-	84.615	-	84.615
Total financial liabilities carried at fair value	-	84.615	-	84.615
31 December 2020	Level 1	Level 2	Level 3	Total
Financial Assets at Fair Value Through Profit or Loss	-	3.186	-	3.186
Derivative financial assets	-	6.098	-	6.098
